

## Honours Student Lorne Cancer Conference Scholarship

The annual Lorne Cancer Conference has a strong international and national scientific content that attracts world-class cancer researchers and delegates from many of the major universities, research institutes, hospitals and biotechnology companies in Australia.

Cancer Therapeutics CRC (CTx) is offering a number of scholarships to the 2018 conference for CTx Affiliate Honours students enrolled in 2017, providing the opportunity for recipients interested in a cancer research career to meet leading Australian and International researchers and hear about the latest breakthroughs in the field of oncology.

**LORNE CANCER  
CONFERENCE**

*30th Anniversary*

**CUMBERLAND LORNE  
RESORT**

**8-10 February 2018**

The scholarship will cover registration, travel, accommodation and meals for the 30<sup>th</sup> Lorne Cancer Conference in February 2018.

Eligible students will be conducting their Honours research on cancer biology or drug discovery in a CTx Participant Organisation, and will be expected to submit an abstract for a poster presentation at the conference.

Interested students should contact the Director of Education at CTx ([education@cancercrc.com](mailto:education@cancercrc.com)) to obtain an application form.

**Applications close Monday  
6 November 2017**
